Public Forum
STORM WATER MASTER PLAN
Stream Planning Corridors

A Public Forum will be held on Wednesday, January 27, 2010 at 5:00 p.m. in the Municipal Building, City Council Chambers located at 201 West Gray, Norman, Oklahoma. This meeting is being held to provide information regarding additional regulatory approaches to flood plain management under consideration by the City regarding the Lake Thunderbird watershed.

Key elements are:

- Lake Thunderbird watershed with drainage area greater than 40 acres
- Required dedications of Stream Planning Corridors (SPCs) and/or the 100-year full build out flood plain to the City
- Manage development or significant land disturbance in the SPCs and/or 100 year full build out flood plain
- Require additional stream-side buffers

Attendees will have an opportunity to ask questions and to make comments or recommendations. Please contact the Department of Public Works at (405) 366-5453 if you have additional questions.
